Dear Dr. Frank,

Your manuscript, referenced below, has been considered for publication in AIP Advances:

"Propagation of Error and the Reliability of Global Air Temperature Projections"

Unfortunately, this manuscript does not fall under the range of topics that are covered by AIP Advances, which focuses on the applied physical sciences. We recommend that you consider submission to a more appropriate journal.

If you have any questions, please contact us at aipadv-edoffice@aip.org.

Sincerely,

Dr. Masaaki Tanaka
