Dear Prof. Gonzalez-cruz,

8 January 2017 will mark five full months that manuscript 5153401 has been under review.

This length of time is more than twice the average for Advances in Meteorology, and is unprecedented in my experience.

I will hope and expect to receive the reviews for manuscript 5153401 by that date.

Thank-you very much for your consideration.

Yours sincerely,

Pat
