Dear Ms. Ali,

I have been in recent contact with Prof. Lupo, and now know that he is no longer the editor of record for my manuscript (5153401).

Please send me the name and contact information for the new editor; something that should have occurred when the change was made.

As you know, providing the identity and contact information for a manuscript editor is a journalistic standard of review practice and ethics, and is consistent with the specifications given by the Committee on Publication Ethics, of which Hindawi is a member.

Manuscript editors are not anonymous.

Manuscript 5153401 has now been under review for 3 months. I would like a status update from the editor, and an estimate of the remaining duration of review.

Thanks very much,

Pat

Dear Dr. Frank,

Thank you for your email. The Editor who is handling the review process of your manuscript has already assigned it to external peer reviewers. Once the reviewers have submitted their reports, the Editor will be able to make a decision, and when this happens, we will contact you by email to let you know.

Best regards,

Rana
