Dear Prof. Huth,

This email is unofficial confirmation that JOC-14-0602_rev has been submitted.

Following your kind suggestion, the manuscript is now shortened to 7310 words. I believe the focus was thereby improved. The references have been re-formatted to the Journal style. The Supporting Information document is also revised.

The cover letter now includes this new information, and the reviewer responses have been again uploaded. The uploaded Figures are now black-and-white, with appropriately revised Legends.

Finally, thank-you very much again for the opportunity. The difficulty presented by an analysis that so challenges conventional wisdom is not lost on me, and I very much appreciate your forthrightness.

Yours sincerely,
