Dear Prof. Lambert,

Following up from my email query of 13 August, can you please let me know the status of manuscript RA-00263-2013? I do regret troubling you. Please understand, my experience is in Chemistry where reviews are generally received after three weeks.

Now going on five weeks, it would ease my expectations if you might please let me know the usual reviewer response time for Risk Analysis.

Thanks very much,

Pat Frank
